Status PRODUCTIVE Application Name NESE\_8D\_Report Application Owner Hahn Christopher (AE/QMM-SE AE/PMO-S) Technical Owner Squillante Damiano (AE/QMM-SE) Support Squillante Damiano (AE/QMM-SE) Version 1.0.3 1.1. Changelog 1.2. Abstract 1.3. Application access & security 1.3.1. EightD\_Follow\_up\_Owner: 1.4. Bilder der Anwendung: 1.5. Architektur Diagramm: 1.6. Environments 1.7. Dependencies 1.1. Changelog Version Changes Date Responsible 1.0.0 First Version 20 Dec 2022 Squillante Damiano (AE/QMM-SE) 1.0.1 Issue regarding Tags solved. Added "recent Version" and put "I" Symbol to link to Technical Documentation. additional attachments appear, attachments sometimes disappear = Please use the Chrome Browser! from time to time message appears: "Connection has time out" = after the update process no longer occurred. A new "Sponsor" field in the "D1 Basic Data" area. Selection via user picker. New button on the start page: "Fulltext search in all 8D files since 2005" including redirection to Intrafind. Note added to the report overview: "No 8Ds earlier than 2020 available in this database". Text/Buttons/PopUps fully translated into English. New Textareas (rich text) 02 Feb 2023 Squillante Damiano (AE/QMM-SE) 1.0.2 Bug fixed: The input field introduced in version 1.0.1 was affected by a bug that caused the insertion of two line breaks instead of one. CKEDITOR was updated to V 1.0.10 (prev. V1.0.9) Advanced search adjusted and bug fixed. 13 Feb 2023 Squillante Damiano (AE/QMM-SE) 1.0.3 DropdownTag swapped with DropdownSearch due to a bug. DropDowns in Advanced Search fixed. 22 Feb 2023 Squillante Damiano (AE/QMM-SE) 1.2. Abstract 8D reports are an important tool for the implementation of corrective and improvement measures during the engineering process. The 8D approach is designed to particularly ensure that: Occurred issues are completely understood Define "stop measures" Similar mistakes are avoided in future engineering developments 1.3. Application access & security In order to get access to the app, a role must be applied initially, for more information see the corresponding table below. After the successful role application, the order is forwarded to the MoR (Master of Role) and released accordingly. Please make sure which role you assign to yourself so that your request can be approved. If you are unsure, please contact the MoR Hahn Christopher (AE/QMM-SE AE/PMO-S). -----

----- Um Zugang zur App zu erhalten, muss zunächst eine Rolle beantragt werden, weitere Informationen finden Sie in der entsprechenden Tabelle unten. Nach erfolgreicher Rollenbeantragung wird der Auftrag an den MoR (Master of Role) weitergeleitet und entsprechend freigegeben. Bitte vergewissern Sie sich, welche Rolle Sie sich zuweisen, damit Ihr Antrag genehmigt werden kann. Wenn Sie unsicher sind, wenden Sie sich bitte an den MoR Hahn Christopher (AE/QMM-SE AE/PMO-S). 1.3.1.
